Lost?

Call Ted Buckenham (706) 204-9303. Note the clock tower is *the* highest point in downtown Rome and can be seen from pretty much anywhere in town. Just ask anybody how to get to the clock tower and you'll be able to find the parking deck. Most common mistake that will get you lost is reversing the avenues and streets. (Example: You're looking for the parking deck on 2nd **Avenue**, not 2nd **Street**)
